'greek law ancient greece britannica

May 26th, 2020 - the third determining factor for greek law was the absence of a body of jurisprudence parable to that of the romans even the attic orators for all their practical familiarity with the laws of the city were mainly interested in presenting arguments suited to persuade the mass juries before whom they had to argue not in analyzing the legal system with the object of obtaining a deeper'

---

'stichometry

May 17th, 2020 - stichometry refers to the practice of counting lines in texts ancient greeks and romans measured the length of their books in lines just as modern books are measured in pages this practice was rediscovered by german and french scholars in the 19th century stichos is the greek word for a line of prose or poetry and the suffix metry is derived from the greek word for measurement'
