May 6th, 2018 - A couple of clarification Yes ETABS is a building structural design tool just like STAAD would be The other concern is that you are probably ready too much into the purpose of your DIAPHRAGM"Beam Fail In Torsion And Shear In Etabs Then Why Torsion

April 30th, 2018 - many engineers in pakistan use this practice when modeling a beam in etabs that if beam is fail in shear and torsion than they just change the torsion modifier from 0.35 to 0.001 and then redesign that beam after designing that beam appear to be pass in shear and torsion also showing zero r f required for this particular beam'
