band saw reviews and ratings

June 2nd, 2020 - band saws are

used to cut precise curves in

wood and quite frankly there is

no better tool in the world for

this specific task however a

quality band saw will do much

more than this they are also

designed to cut tenons and

some smaller rabbets as well as

for ripping small pieces of stock

and re sawing thin strips from

extra large pieces of wood"band

saws in use einhell de

June 1st, 2020 - when sawing with

the jig saw the saw is guided with

one hand so there is only one

hand free to hold the workpiece

once you have done this with a

band saw you will learn to

appreciate the use of the second

hand when guiding the workpiece

curvy cuts are almost perfect with

the band saw after a little practice'
