***big galaxy s10 update brings improved camera night mode***

*May 11th, 2020 - live focus can be taken with telephoto lens on s10 and s10 the other big addition is that live focus photos can now be taken using either the ultra wide lens or the telephoto lens on the s10 and s10 a feature that was present on the galaxy s10 5g out of the box we liked that live focus mode on the galaxy s10 trio used the ultra wide lens for background blur as that allows you to more'*
