'CXC Motion Pro II The Pole Position in Racing Simulators

October 6th, 2018 - One look at the Motion Pro II and you can tell it's an impressive simulator Short of having a whole car in your living room CXC's design makes it feel like the cockpit of a NASCAR or F1 car has been removed and placed in front of you'

'Design Guidelines for Using Distillation Simulation

October 10th, 2018 - Tuned PRO II models have been used to design many of the existing distillation columns in the world due to their widespread use by the distillation equipment vendors Distillation simulation experts will have 30 year databases of how tuned PRO II models"**SimSci Esscor Announces Latest Version of PRO II**

December 13th, 2005 - Another significant PRO II Version 7.1 feature is the integration of SimSci Esscor's PIPEPHASE steady state multiphase flow simulation package into PRO II for embedded upstream hydraulic network calculation along with downstream process flowsheets'

'Rigorous Simulation of Heat Exchanger Networks PRO II HTRI

October 5th, 2018 - 6 Simulating Heat Exchanger Networks Linking PRO II® to HTRI® PRO II® simulates process conditions H and MB HTRI® designs and simulates nearly all types of heat exchangers HTRI® provides a variety of CAPE OPEN compliant exchanger types CAPE OPEN is an industry software standard which allows different"Operator Training Advanced Simulation Software from AVEVA

October 11th, 2018 - AVEVA's simulation and training tools provide safe and efficient operations that benefit the plant the workers the surrounding community and the overall profitability of the company They form the basis for operational analysis controls checkout and operator training'
